Dear Mr. Anzalone:

The Bureau of Industry and Security (BIS) is charged with administering the provisions of the Export Administration Regulations (EAR), issued pursuant to the Export Administration Act of 1979, as amended, and kept in force through Executive Order 13222, issued under the authority of the International Emergency Economic Powers Act.

Under the authority of Section 750.8 of the EAR, the Bureau is revoking license D1048273, which authorized Global Dynasty Corps, LLC to export law enforcement training equipment to Haiti.

BIS is taking this action because the exports are no longer deemed to be in the foreign policy interests of the United States given the U.S. Department of State denied the pending Technical Assistance Agreement (TAA) cited in the end use statement on the license application. As a result, license D1048273 is hereby revoked.

Pursuant to Part 756 of the EAR, you may appeal this revocation to the Under Secretary for Industry and Security. Procedures for filing such an appeal are described in detail in Section 756.2(b) of the EAR. Any such appeal must be received no later than 45 days after the date of this letter, and must include a written supporting statement of why BIS should reverse or modify the revocation. Appeals must be sent to the Office of the Under Secretary for Industry and Security, 14th Street and Constitution Avenue, N.W., Room H-3898, U.S. Department of Commerce, Washington, D.C. 20230.

Any questions you may have in this matter should be referred to Mark Salinas of the Foreign Policy Division at (202) 482-2164 or mark.salinas@bis.doc.gov.

Sincerely,

Karen Nies-Vogel  
Director  
Office of Exporter Services

Joseph,

More bad news from Dept. of Commerce. They are revoking the Commerce license for the Shotguns and Ammunition due to the State Dept. denying our request for the TAA (see attached letter and email below). I am with a client until after noon so feel free to contact me after that time. Sorry to be the bearer of bad news.

All the best,

The purpose of this letter to request an appeal to the decision taken by the Bureau of Industry and Security (BIS) to deny Global Dynasty Corps, LLC' (GDC) request to export materials to Haiti. The materials in question will be sent to a Haitian based company that holds the approval of government. The properly signed documents have previously been provided to your office.

According to the letter of denial that was sent to Global Dynasty Corps, LLC, dated May 5, 2016, our application to export those said item was denied in part due to the denial of Global Dynasty Corps, LLC's Technical Assistance Agreement (TAA) application. Global Dynasty Corps, LLC is no longer seeking to provide training to foreign entities in Haiti. We would like to specify that our current request to export those materials is completely independent from our previous request to train on foreign soil. Our current request is simply to gain authorization to provide, to the requesting officials, the government approved materials that they are in dire need of to ensure the security of country and its dignitaries. We are well aware that other companies are doing the same thing that we are requesting to do.

Thanks
The letter was sent May 05, 2016. According to what you said, we had 40 days to rebuttal. Let me know if that is still stand. I would prefer you to work on it since you understand the dossier and you were the one prepared the documents.

Joseph,

Received and acknowledged. Unfortunately I am out of the office camping with my family. Can I review it on Monday morning? When is it due to BIS?

If you need asap I can have one of my export controls consultants review it for you.
